OFFERS GOOD WHILE SUPPLIES LAST

GLL3-300 360° Three-Plane Leveling and Alignment-Line Laser

\$338.00

- Complete level and alignment laser – quickly arranges and squares room layout with three chalk lines in 360° laser planes, one horizontal and two vertical
- Built-in VisiMax™ technology
- Upgraded diode with a brighter beam – delivers a visible range of up to 200 Ft. diameter
- Pulse mode – extends the working range up to 300 Ft. diameter and/or in bright lighting, using an optional LR8 or LR 6 receiver
- Smart Pendulum System
- Robust over-molded construction

GLL3-330C 360° Connected Three-Plane Leveling and Alignment-Line Laser

\$389.00

- Ultimate all-in-one leveling and alignment laser – facilitates one-person job setup with connected capability, dual-power technology and long working range
- Built-in VisiMax™ technology
- Bluetooth® connectivity
- Bosch Leveling Remote App – free to download and free to use, this app turns the leveling laser and receiver mode on and off, select the laser planes, adjust line visibility and provide battery and level alerts
- Dual power technology – utilizes the included Bosch 12V Max Lithium-ion battery or four AA alkaline batteries
- Pulse mode – extends the working range up to 330 Ft. (diameter) and/or in bright lighting, using the optional LR 6 or LR8 receiver

GLL3-330CG 360° Connected Green-Beam Three-Plane Leveling and Alignment-Line Laser

\$499.00

- Ultimate all-in-one leveling and alignment laser – facilitates one-person job setup with connected capability, dual-power technology and long working range
- Bright green-beam laser – up to 4X brighter than standard red beams, the leveling laser has a working range of up to 200 Ft. diameter
- Built-in VisiMax™ technology
- Bluetooth® connectivity
- Bosch Leveling Remote App – free to download and free to use, this app turns the leveling laser and receiver mode on and off, select the laser planes, adjust line visibility and provide battery and level alerts
- Dual power technology – utilizes the included Bosch 12V Max Lithium-ion battery or four AA alkaline batteries
